Chasing Crystals

FADE IN:

EXT. FOREST - DAY

WILLOW dashes through the forest with a fierce determination in her eyes. Her wild curly hair flows behind her like a fiery river. She stops abruptly, looking back with a smile as FINN playfully chases after her. His bright yellow eyes glow with mischief.

WILLOW: (laughing) You'll never catch me, Finn!

Finn barks in response as they continue their playful pursuit through the forest.

WILLOW and FINN come to a stop as WILLOW spots a GLIMMERING CRYSTAL in the distance.

WILLOW: (curious) What do you think that is?

FINN barks in response and looks at Willow expectantly.

WILLOW: (determined) Let's go find out!

Willow and Finn run towards the crystal, but before they can reach it, they are confronted by RAVEN, the sorceress with piercing green eyes and dark intentions.

RAVEN: (with a warning tone) Stop right there, Willow.

Willow stops in her tracks, her heart racing with anticipation.

WILLOW: (defiantly) Who are you? What do you want?

RAVEN: (coldly) Those crystals are not for mortals like you to touch. They hold great power that you cannot comprehend.

WILLOW: (bravely) I'm not afraid of your threats, Raven. I will investigate these crystals and uncover their secrets.

RAVEN: (with a menacing smile) We shall see about that.

Raven disappears into thin air, leaving Willow and Finn standing alone in the forest.

WILLOW: (determined) This is just the beginning, Finn. I won't let Raven scare me away from my quest for knowledge.

FADE OUT.
